## Gender equality indicator 2: Gender composition of governing bodies

Gender composition of governing bodies is an indicator of gender equality at the highest level of organisational leadership and decision-making. This gender equality indicator seeks information on the representation of women and men on governing bodies. The term “governing body” in relation to a relevant employer is broad and depends on the nature of your organisation. It can mean the board of directors, trustees, committee of management, council or other governing authority of the employer.

- 2. Your organisation, or organisations you are reporting on, will have a governing body/board as defined in the Workplace Gender Equality Act 2012 (Act). (In the Act, a governing body is defined as “the board of directors, trustees, committee of management, council or other governing authority of the employer”.) For the purposes of reporting under the Act, this question relates to the ultimate or ‘highest’ governing body for your organisation. NB: if your governing body/board is located overseas, it still needs to be included.**
- For private or publicly listed companies, you will have one or more directors or a board of directors.
  - For trusts, the trustee is the governing body/board.
  - For partnerships, the governing body/board is likely to comprise all or some (if elected) partners.
  - For organisations whose governing body/board is the same as their parent entity’s governing body/board, it is still deemed to have a governing body/board.
  - For religious structures, you may have a canonical advisor, bishop or archbishop.
  - For other structures that do not fall into any of the above categories, your committee of management would be considered your governing body/board.

**2.1 Please complete the table below, ensuring data entered is based on the instructions in each column header. For each organisation, enter the number of women and men on that governing body/board (not percentage). If a target has been set to increase the representation of women on any of the governing bodies listed, please indicate the % target and the year it is to be reached.**

**If your organisation's governing body/board is the same as your parent entity's governing body/board, you will need to enter your organisation's name but the details of your parent entity's governing body/board in the table below.**

	Organisation name	Gender and NUMBER of chairperson/s (NOT percentage)		Gender and NUMBER of other governing body/board members (NOT percentage)		% target for representation of women on each governing body/board	Year to be reached
		F (Chair)	M (Chair)	F	M	(enter 0 if no target has been set, or enter a % between 1-100)	(in YYYY format; if no target has been set, leave blank)

**2.2 If a target relating to the representation of women has not been set for any of the governing bodies listed above, you may specify why below:**

- Governing body/board has gender balance (e.g. 40% women/40% men/20% either)
- Currently under development

- Insufficient human resources staff
- Don't have expertise
- Do not have control over governing body/board appointments (provide details why):
- Not a priority
- Other (provide details):  
Based on appropriate skills, diversity, experience and expertise

**2.3 Do you have a formal selection policy and/or formal selection strategy for governing body/board members for ALL organisations covered in this report?**

- Yes (you can select policy and/or strategy options)
  - Standalone policy
  - Policy is contained within another policy
  - Standalone strategy
  - Strategy is contained within another strategy
- No
  - No, in place for some governing bodies/boards
  - No, currently under development

## Gender equality indicator 4: Flexible working and support for employees with family and caring responsibilities

This indicator will enable the collection and use of information from relevant employers about the availability and utility of employment terms, conditions and practices relating to flexible working arrangements for employees and to working arrangements supporting employees with family or caring responsibilities. One aim of this indicator is to improve the capacity of women and men to combine paid work and family or caring responsibilities through such arrangements. The achievement of this goal is fundamental to gender equality and to maximising Australia's skilled workforce.

**5. Do you provide employer funded paid parental leave for PRIMARY CARERS, in addition to any government funded parental leave scheme for primary carers?**
